Visit by FEIAP delegates

Over 50 delegates from the Federation of Engineering Institutions of Asia and the Pacific (FEIAP) visited Kampar Campus on 13 July 2018. In conjunction with the visit, the delegates also witnessed the signing of the MoU between UTAR and Northwestern Polytechnical University (NPU, 西北工业大学) and the conferment of Consultant Professorship on UTAR President Ir Prof Academician Dato' Dr Chuah Hean Teik by NPU.

The delegation, comprising professional engineers as well as engineering researchers from across the Asia Pacific, were cordially received by Prof Chuah, who is also FEIAP's Immediate Past President. Also joining the visit were NPU Deputy President and Provost Prof Huang Wei as well as Immediate Past President of the Institution of Engineers Malaysia and FEIAP Secretary General Ir Dr Tan Yean Chin.

Prof Huang commended Prof Chuah on his remarkable achievements and expressed his confidence in the partnership between NPU and UTAR.

Study visit by GUN

Ir Prof Academician Dato' Dr Chuah Hean Teik (back row, centre) with UTAR staff and GUN students

The Institute of Management and Leadership Development hosted 13 master's students from Guangxi University for Nationalities (GUN), China at Sungai Long Campus from 24 June to 7 July 2018.

The programme aimed to enrich the personal learning experience of the students and exchange good practices between both countries. It also aimed to provide GUN students with a general understanding of the cultures in Malaysia and its public administration. The closing ceremony of the programme was held on 5 July 2018 at Sungai Long Campus. Certificates were presented to all 13 participants from GUN.

Prof Chuah warmly welcomed the GUN students and said that expanding networks provide one with the opportunity to interact across culture and develop potential business collaboration that would benefit them in the future.

Sun Xinyue on behalf of the visiting group said that the programme has not only deepened her understanding towards Malaysia's political, cultural and economic operations, but also aided in understanding the history of Malaysian Chinese, the status quo of China and the related associations and chambers of commerce in Malaysia.

The programme for the GUN postgraduates encompassed a wide range of topics including the history of Malaysian Chinese, Malaysian Education, Public Administration System in Malaysia, Islamic Politics, Malaysian Economy and Malaysia and the Contemporary World Political System.

encourage their continuous contributions to the field of PR and in their future career besides acknowledging them for their outstanding achievements.

According to Chan, this award would have not been possible without the lecturers who have not only taught her well but also provided guidance from their expertise and experiences. She said UTAR has provided her with a well-structured syllabus and has equipped her with both soft skills and hard skills.

Winning Diabolo Championship

The Taiwan Diabolo Association organised the 5th Asia International Diabolo Cup 2018 (AIDC) and IJA Regional Competition East Asia at the University of Taipei from 26 to 27 May 2018.

The championship aimed to bridge the exchange of diabolo skills with the international counterparts and develop a proper competitive spirit besides promoting the artistic and cultural values in this traditional sport. The participating countries included Japan, Malaysia, Hong Kong and the host nation Taiwan.

UTAR Mechanical Engineering student Soon Yong Wei was crowned champion for the AIDC competition under the category of Three Diabolo—No Restrictions, where he performed an astounding trick using only three diabolos. He also won the fifth place in the category of Men's Individual Diabolo Stage—aged 16 and above and the seventh place in the category of One Diabolo—Fixed Axle.

According to Soon, playing diabolo has benefitted him greatly in terms of physical aspect. He believes with firm perseverance and determination to excel, his effort will eventually pay off.

Best Paper for Academic Award

A group of lecturers was awarded the “Best Paper for Academic Award” by Academic International Dialogue at the National Conference on the Sciences and Social Sciences 2018. The conference was held on 2 May 2018 at Universiti Sains Islam Malaysia.

The award recipients were Faculty of Arts and Social Science lecturers Ninderpal Singh Balwant Singh, Clarence Anthony Puspanathan, Muhamad Qamar Rahman bin Md Isa and Ang Siew Mun @ Ang Pike Har and Faculty of Business and Finance lecturer Dr S. Charles Ramendran.

Their winning paper was titled “Tongue-In-Cheek: Crisis Management in Malaysia. A Consumer Relations Context”. The paper highlighted the importance of the Public Relations department in managing crisis and its impact on consumer relations in the 21st century. The paper discussed how the society today has developed a habit of sharing everything that one has experienced in real-time on social media platforms and how this habit is able to cause harmful consequences for organisations when managing a crisis.

Ninderpal believes that these collaborations have enhanced the body of knowledge for organisations in managing crisis. He is grateful to UTAR for its policies and initiatives on staff development; it has played a pivotal role in nurturing research among the academics.

Best Paper and Reviewer Awards

UTAR Faculty of Accountancy and Management Head of PhD and MPhil Programmes Dr Cham Tat Huei and lecturer Tan Jue Xin received the “Best Paper Award” in the 2018 MAG Scholar Conference in Business, Marketing & Tourism. The paper was co-authored by Universiti Putra Malaysia Faculty of Economics and Management Deputy Dean Assoc Prof Dr Yuhanis Abdul Aziz and senior lecturer Dr Dahlia Zawawi. The conference was held from 23 to 25 June 2018 at Kuching, Sarawak.

The international conference was organised by MAG Scholar and Sarawak Research Society. Themed ‘Advancing Marketing and Tourism in the Digital Economy’, the conference aimed to provide a conducive platform to enhance interactive exchange among academics, researchers and industry players. The conference saw participants from Malaysia, Wales, United Kingdom, New Zealand, China, Australia, United States, Hungary, Japan, Zimbabwe, Indonesia, Singapore and Macao.

The paper titled, “A Study of Benevolent Leadership in Hotel Industry Malaysia” focused on discussing the long-standing turnover issue in Malaysia’s hotel industry. By recognising the importance of workplace relationship in contributing to the retention of hotel employees, the study found that benevolent leadership has a significant impact in retaining hotel employees.

Dr Cham, who also received the Asian Journal of Business Research “Best Reviewer Award” at the conference, mentioned that reviewing task allows him to offer constructive and supportive feedback to help authors improve their research. According to Tan, the reward was a huge source of motivation that kept her going. She believes greater research opportunities await her in the future.

FBF lecturers receive outstanding awards

Faculty of Business and Finance (FBF) lecturers, namely Garry Tan Wei Han and Dr Lee Voon Hsien were awarded the “National Outstanding Researcher Award (Mobile Commerce Award)” and “National Outstanding Young Educator Award” respectively, at the Private Education Excellence Awards 2018. It was organised by the Private Education Cooperative of Malaysia (EduCoop) on 26 May 2018 at Dewan Bahasa dan Pustaka, Kuala Lumpur.

Present were Chairman of EduCoop Dato’ R. Rajendran, Deputy President/Deputy Vice Chancellor INTI-UC Laureate International Universities Prof Emeritus Dato’ Dr Ibrahim Ahmad Bajunid, National Icon Educator Award Recipient Tan Sri Dato Seri Dr Yahaya Ibrahim and 250 representatives from various educational institutions.

Tan, who also received the “Outstanding Reviewer Award” for Information and Management Journal by Elsevier recently, hoped his research would provide a preliminary understanding of the interactions between technology and consumer for practitioners to design their marketing strategies. Despite given the recognition, Dr Lee believes there is still room for improvement. She thanked UTAR for its generosity in supporting her quest for knowledge. She hopes the award would aid networking and collaboration opportunities in the future.

FICT students win Merit Award

Three students from the Faculty of Information and Communication Technology (FICT) Computer Science, namely Bernard Lee Jian Wen, Thew Thung Liang and How Xun Zhen, won the Merit Award in the One-Belt-One-Road University Category (“一带一路”高校优胜奖) at the 9th China Students Service Outsourcing Innovation and Entrepreneurship Competition (CSSOIEC) (第九届中国大学生服务外包创新创业大赛). The competition was held in Wuxi, China from 30 May to 1 June 2018.

Themed ‘Public Entrepreneurship and Mass Innovation’, the competition aimed to provide a platform for students to showcase their creativity, to arouse students’ interest in the service industry utilising modern technology and to encourage higher learning institutions to foster more talented people for the service outsourcing industry.

Mentored by FICT Dr Cheng Wai Khuen, the team walked away with a cash prize of RM1,250, a trophy and a certificate of participation each. Their winning project titled “Interactive Augmented Reality (AR) Food Ordering System” allows customers of restaurant to view the food menu and its exact portion in the 3D model.

Being proud to represent UTAR and also Malaysia, the team expressed their gratitude to UTAR for providing a strong foundation for them to learn and to better understand the latest technology and programming skills. Besides, they also commented that the strong academic atmosphere at the university provided them with an excellent learning experience and enabled them to achieve better academic performance.

The Session One and Two of the Convocation were declared open by the UTAR Council Chairman Tan Sri Dato' Seri Dr Ting Chew Peh; Session Three and Four were declared open by UTAR President Ir Prof Academician Dato' Dr Chuah Hean Teik. Also present at the ceremony were UTAR Chancellor Tun Dr Ling Liong Sik and other UTAR Council and Boards of Trustees members.

The Guests of Honour for the four sessions of the Convocation were Tan Sri Rafidah binti Aziz for Session One, former Judge of the Federal Court of Malaysia Tan Sri Dato' Seri Dr James Foong Cheng Yuen for Session Two, Member of UTAR Council Tan Sri Dato' Seri Chor Chee Heung for Session Three, and Executive Chairman of Brunnsfield International Group Tan Sri Dato' Dr Ir Gan Thian Leong for Session Four. The scroll presenters for Session One were UTAR Council Member Dato' Seri Ong Ka Chuan and Tan Sri Ting; Session Two were Tan Sri Ting and UTAR Council Member Datuk Lim Si Cheng; Session Three were Tan Sri Chor and UTAR Council Member Datuk Lee Leck Cheng; and Session Four were Prof Chuah and UTAR Council Member Hew Fen Yee.

In his commencement address, Prof Chuah congratulated the graduands and explained to them that the graduation was the culmination of a long and challenging, however, ultimately rewarding journey. He said, "As you exit this formal education in the university, you will be faced with many opportunities as well as challenges. It will not just be the paper degree that propels you further, it will be your own capabilities and the goals you set out to achieve for yourself."

From left: Tan Sri Ting, Tun Ling, Tan Sri Rafidah and Prof Chuah during the Session One of Convocation

Tan Sri Rafidah in her speech congratulated the graduands and said, "Remember, standard and benchmarks are no longer set in a closed environment. But, benchmarks and standards are becoming regional and global in achievement, in performance and in pursuit of excellence. As such, it is important to strive to reach those benchmarks and understand what it takes to be amongst the universally accepted and recognised in whatever positive endeavours you undertake."

Tan Sri Foong in his speech inspired the graduands by sharing his life journey, "I have not seen anyone in this world that has experienced success after another without defeats, failures, disappointments and frustrations along the way. You must learn to accept your own shortcomings and think of ways to improve yourself. To overcome the agony of failure and defeat requires a lot of determination and positive thinking and this, separates the winners from the losers."

Tan Sri Chor in his speech enthused, "You need to develop and sharpen your skills to be more creative and innovative in

thinking in order to be competitive and be expedient in seeking solutions to problems, especially with tasks that machines cannot handle. To remain competitive, you must continuously learn, improve and create value for your company through new knowledge and skills acquired. In other words, you have to embrace the philosophy of lifelong learning."

Tan Sri Gan in his speech, elucidated, "You are graduating at a time of unimaginable opportunities and a time of great optimism about the future. You are graduating at an important stage of positive renewal and vibrant changes in the nation's social, economic and environmental ecosystem. You are graduating at a time when people are willing to come together to rebuild, to collaborate and co-create the best way to move forward with solutions and innovations that will benefit the communities, society and the nation."

The mace bearers were Logistics and International Shipping student Soh Yi Ren, Marketing student Sow Wei Teng, Chinese Studies student Yin Shiqiang and Accounting student Loh Jia Hui.

Simple illustration of how LKAS works

Faculty of Information and Communication Technology (FICT) lecturer Assoc Prof Dr Lau Phooi Yee and her co-researcher, Lee Kong Chian Faculty of Engineering and Science (LKC FES) Centre for Computing and Intelligent Systems Chairperson Assoc Prof Dr Tay Yong Haur collaborated with Dr Park Sung-kwon from Hanyang University to conduct a research to improve the in-vehicle system for non-luxury cars. Their objectives were to provide drivers with a better driving experience and reduce the rate of accidents.

Safe driving with LKAS

Based on reports that stated exhausted drivers as one of the major causes of accidents, the researchers developed an affordable solution to this issue, which is a low-cost and easily deployed "Lane Keeping Assistant System" (LKAS). LKAS is a device consist of a Raspberry Pi Development (RPD) module, a camera, two light-emitting diodes (LEDs) and a buzzer. Unlike costly in-vehicle systems that are only available for luxury cars, LKAS requires low-cost production, making it a simple and effective system that can be implemented in a family or an economy car.

The device can be mounted on the back of a car's rear-view mirror, which functions to "see" the road when the driver travels and warns the driver when the vehicle strays from its lane. LKAS will capture video consistently through the camera and process it to detect the current lane's markings throughout the journey. The processed data will then

be calculated by the system to determine and track the current position of the vehicle. By comparing the detected lane markings and the position of the vehicle, the LKAS will determine if the vehicle starts to stray from its current lane, and alerts the driver with beeping sound from the buzzer and flashes of lights.

INSIGHT 2018

UTAR IChemE Student Chapter organised INSIGHT 2018 at Sungai Long Campus from 26 to 29 June 2018. The event showcased exhibitions, talks and competitions. It was sponsored by Malaysian Rubber Glove Manufacturers Association (MARGMA).

Attending the opening ceremony were UTAR Vice President Prof Ir Dr Lee Sze Wei, MARGMA Vice President Dr S. Supramaniam, Lee Kong Chian Faculty of Engineering and Science Dean Prof Ir Dr Goi Bok Min, Insight Advisor Dr Ng Yee Sern, Insight Chairperson Wong King Xuan, vendors, staff and students.

Prof Lee said, "This is a good initiative. Although we have a good syllabus, it is still not complete without the industrial component. Don't be too selective but learn to be adaptive." "We are delighted to be associated with this event. Being able to put together an exhibition of this nature, especially in chemical engineering, is very impressive," said Dr Supramaniam. Wong said, "We wish to provide students from different backgrounds with a clear picture of what chemical engineering is all about and provide them the opportunity to build connections with the companies present today."

UTAR's Chinese Medicine Society in collaboration with the Physiotherapy Society and Medical and Health Sciences Society successfully organised a health awareness week titled "Medical Week 2018" from 22 to 24 June 2018 at Kampar Campus.

Supported by the Faculty of Medicine and Health Sciences (FMHS), the event was organised for the community by UTAR staff and students in the Faculty disciplines of Medicine and Surgery, Nursing, Chinese Medicine and Physiotherapy. It was themed 'Integrated Health - Optimising A Healthier You'.

The Medical Week 2018 provided medical and healthcare services ranging from counselling health screening, general health advice and simple medical tests to physiotherapy, Tui-na, acupuncture, healthcare education and information on traditional Chinese medicine, postural assessment, electrical stimulation, foot arch assessment, muscle length testing, general consultation, therapeutic massage, body mass index, blood pressure and body temperature, systematic physical examination, eye test and breast examination. It also included talks and an exhibition to promote and create awareness of various medical conditions, prevent diseases and maintain a healthy lifestyle.

Deputy Director General of Health (Public Health) Dato' Dr Hj Azman bin Hj Abu Bakar expressed his delight in supporting this initiative. He believes that it will be something intriguing for those who previously had limited exposure to the different disciplines of health care. UTAR Vice President Prof Ir Dr Ewe Hong Tat lauded the efforts

of the organising committee and said that reaching out to the community is a noble initiative. He believes that a university's role does not simply stop at disseminating knowledge within the campus but beyond the classrooms and to the people in the community. Organising Chairperson Kwan Chien Qin said that it was their responsibility to ensure that the best health service is delivered to the community through integrated health care.

UTAR Japanese Culture Club organised "Japanese Fiesta 2018" at Kampar Campus on 30 June 2018. Besides providing an enriching learning experience for both UTAR students and the Kampar community, the fiesta aimed to equip the participants with some basic knowledge of Japanese cultural practice. Invited to grace the opening ceremony was Vice Consul-General of Japan in Penang Nakagawa Kosuke accompanied by UTAR Vice President Prof Dr Choong Chee Keong, Perak Malaysian-Japanese Friendship Society Representative Yong Wing Yi, UTAR Japanese Culture Club Advisor Yap Yuet Ngor and Japanese Fiesta 2018 Organising Chairperson Ho Zhong Yang. Nakagawa commended the efforts of UTAR Japanese Culture Club in organising such an event to represent

the beauty of Japanese culture. He also hoped to further strengthen the relationship with Malaysia by doing more cultural exchange programmes. Admiring the impressive effort of the organising committee, Prof Choong in his speech lauded the organising committee's determination in organising this fiesta for the UTAR students and the local community. He expressed his gratitude to the organising committee, UTAR staff, students and members of the public for making this event a success. He hoped to educate and promote the rich cultural practice of the Japanese to both UTAR and Kampar communities through this event. 台湾著名翻译家 赖明珠谈翻译历程

由本校中华研究中心主办，台湾文化部、光点计划、驻马来西亚台北经济文化办事处、马来亚大学中文系联办的“我与村上春树”讲座分享会于2018年7月25日邀请了台湾著名翻译家赖明珠前来主讲，获得校内外“村上迷”的踊跃出席。

赖明珠是日本作家村上春树作品的著名中文译者，毕业于台湾中兴大学农经系和日本千叶大学园艺学部。她从事翻译工作三十多年，是第一位把村上的作品译成日文以外版本的翻译家，也是把村上作品推介到华语世界的第一人。

讲座主持人台湾文藻外语大学助理教授谢惠贞博士表示，赖明珠在台湾乃至整个华语圈的翻译（日译中）文坛上举足轻重，对后来的华文作家有很大的影响，她所翻译的“村上体”，或可说是“明珠体”，为华语圈带来了很大的影响，因为读者都是通过她的翻译本来阅读村上的作品。

主讲人提及因为在数年前的机缘巧合下到日本参加与村上春树相关的研讨会而认识了拉曼大学的日语老师叶蕙及在研讨会中担任通译员的谢惠贞，就乘着此次访马的机会，与谢惠贞一同前去拜访叶蕙以及后者在社交媒体上常推荐的美丽校园。她表示，“其实能够和各地的村上迷，就像这次有机会与大马村上迷的交流与讨论，实属一件开心和有意义的事。”

ROMAN 2.0

UTAR Sungai Long Wushu Club organised a concert called 'ROMAN 2.0' on 17 June 2018 at Sungai Long Campus. The event aimed to gather and reunite all branches of martial arts present in UTAR, including Sanda, Karate-Do, Wushu and Lion Dance. It planned to spread the culture of martial art to UTAR students, staff and the surrounding communities.

ROMAN 2.0 was graced by UTAR Chancellor Tun Dr Ling Liong Sik and his spouse Toh Puan Ena Ling, Vice President Prof Ir Dr Ewe Hong Tat, Coach for Persatuan Shao Teck San Pagoh Venerable Sek Meow Di, General Secretary Wong Kim Swee representing the President of the Wushu Federation of Federal Territory Kuala Lumpur, Wushu Coach Master Lai Kong Wai representing the President of the Federation of Wushu Associations of Selangor, ROMAN 2.0-cum-UTAR Sungai Long Wushu Club Chairperson Lee Shone Kin and Vice Chairperson Sia Ann Yee.

Impressed by the club's use of talent and creativity in creating a meaningful event such as this, Prof Ewe commended their hard work and initiative. Lee thanked all the committee members for their efforts and time in making ROMAN 2.0 a success. He hoped to further develop and promote Wushu martial art to all the people through ROMAN 2.0.

The night witnessed various exciting performances, all lined up for the audience to experience the atmosphere of martial arts.

她以“村上春树的文学世界”开始了她对村上文学创作的剖析，并简介了村上的作品内容及创作背景，“村上是一位做到‘行万里路，读万卷书’的人，因为他到过许多不同的国度，也著有多部与旅游相关的游记，同时他主要的作品多半在旅行中或旅行后写的，如代表作之一的《挪威的森林》就写于旅居希腊、西西里和罗马期间。他也是一位非常有国际观的日本作家，因为他不像其他日本作家比较倾向于书写日本。”

谈及翻译历程，她表示，“在翻译作业上，都会选择先阅读全本，过后再倒回来一句一句翻译。对我而言，翻译非常有趣，因为在过程中，你会去思考应该用什么字最为合适。我尽量忠于原著中的风格、句式、语法等，虽然会面对很大的挑战，但却是非常有趣的事。”随后，她也以村上多部作品的书名和出席者进行当场交流，一同探讨了书名中的文字与数字、东西方结合的使用和其用意。

她总结表示，“每个读者对作者的印象与感觉，都是因人而异，但我相信他的作品有助于丰富年轻读者的知性和感性。”

主讲人和出席者在交流环节中交流甚欢，一同讨论和分享了与翻译习惯、译者所扮演的“先读者后作者”角色、村上作品对各领域文化人的直接与间接影响、读后感与调适方法等相关的课题。

Persatuan Arkitek UTAR telah menganjurkan sebuah malam persembahan bertajuk “ArchiNight Rhapsody 2018” bertempat di Zebra Square, Kuala Lumpur pada 14 July 2018. Bertemakan ‘Rhapsody’, malam persembahan yang penuh dengan gaya retro tersebut menyaksikan pelbagai persembahan yang eksklusif termasuk persembahan vokal, instrumental, gendang, tarian, Wushu dan sebagainya.

Persembahan malam tersebut bermatlamat mewujudkan sebuah platform yang menghiburkan serta memupuk semangat persahabatan antara pelajar-pelajar arkitek UTAR dengan pelajar-pelajar arkitek dari universiti yang lain.

Selain memupuk nilai persahabatan, malam tersebut juga bertujuan untuk memupuk kemahiran interpersonal dan konsep harga diri. Di samping itu, perjumpaan tersebut juga merupakan sebuah peluang keemasan bagi pelajar-pelajar arkitek untuk mendapatkan lebih banyak pengetahuan dan pendedahan
